

Free ESOL Classes at Charnwood Primary School

(ESOL- English for Speakers of Other Languages)

Do you want to learn English?

Charnwood Primary school is inviting some ESOL teachers from Leicester City Council to talk to parents about English classes for adults. The teachers will answer any questions you have and will tell you about ESOL classes in your area. If we have enough parents interested we can have an ESOL class for parents in the school.

ESOL classes can help you to:

- Help your children with their homework
- Talk to the teachers in parents' evenings
- Improve your speaking and listening
- Improve your reading and writing
- Learn about life in the UK
- Make friends
