

Charnwood Primary School

PE and Sports Grant 2015/16

The government has been providing additional funding of to improve provision of physical education (PE) and sport in primary schools. This funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport – has been allocated to primary school head teachers.

This funding is ring-fenced and therefore can only be spent on provision of PE and sports in schools.

Purpose of funding

Schools must spend the additional funding on improving their provision of PE and sports, but schools have been given the freedom to choose how they do this. A list of possible uses has been suggested.

Charnwood Primary school has decided to use the money to:

- employ sports coaches to work alongside our teachers when teaching PE in order to develop assessment in PE and develop pedagogy
- To increase the provision of after school sports activity
- To improve attainment and progress in PE
- To increase enthusiasm and participation in competitive sports through intra school competition and local tournaments

The impact of the use of the grant is outlined in the report below.
